COVID-19 UPDATE FOR NEVADA COUNTY

Nevada County's latest COVID-19 updates and media releases can be found on their website: <https://www.mynevadacounty.com/2924/Coronavirus>

In summary:

- Nevada County remains in the State's most protective [Purple Tier](#).
- Cases continue to climb, with active COVID-19 cases jumping from 307 to nearly 400 over the past week.
- Governor Gavin Newsom has indicated that additional measures, such as a statewide Stay-at-Home Order, are possible if current trends continue.
- With high community transmission, there are important steps you can take to help limit the spread further into our community. Find detailed information about what to do if you've tested positive or are a close contact to someone with COVID-19 at <https://www.mynevadacounty.com/3068/Quarantine-and-Isolation-Guidance>.
- On Wednesday, the State updated its [Temporary Structures for Outdoor Business Operations guidance](#) to allow for outdoor tents to have two non-adjacent walls rather than one, allowing for air movement that helps to prevent the spread of COVID-19.
- The State recently announced additional resources for small businesses such as sales tax deferrals and grants for small businesses and non-profits. State resources for small businesses can be found at <https://covid19.ca.gov/business-and-employers/>.
 - Please feel free to contact the City's Business Support Center if you need a copy of your business license or have any questions related to your business: GrassValley@hdlgov.com or (530) 768-2497
