City of Grass Valley
City Council
Agenda Action Sheet

Council Meeting Date: July 26, 2016

Date Prepared: July 19, 2016

Prepared by: Timothy M. Kiser, PE, Public Works Director/City Engineer

Title: Condon Park Fire Management Project

Recommended Motion: That Council authorizes the Condon Park Fire Management Project and authorize the Public Works Director/City Engineer to execute an agreement for rendering the mastication and hand clearing service for this project.

Agenda: Consent

Background Information: The Grass Valley Fire Department and Public Works Department are working together to minimize potential fire fuel and creating defensible spaces within Condon Park. The Staff's first goal will be to re-establish the existing fire break along the southern boundary of the park (basically along the perimeter fence line adjacent to homes along Butler Street and Independence Court). This project's intent is to reestablish the previous fire break roughly a 15 to 20 feet clear zone from the perimeter park fence back into the park. This work will be completed using a masticator and hand labor sometime during the first part of August 2016.

All of the homes adjacent to the work area have been provided written notification of the proposed project

Council Goals/Objectives: The Condon Park Fire Management Project executes portions of work tasks towards achieving/maintaining Strategic Goal #3 - Public Infrastructure Enhancement.

Funds Available: Yes
