

CITY OF GRASS VALLEY
Community Development Department
125 E. Main Street Grass Valley, California 95945
(530) 274-4330

DRC APPLICATION (MINOR) – SIGN PERMIT

Attached are the filing forms and instructions for submitting a complete DRC application. All forms must be completely filled out and submitted with any necessary supporting information. This packet includes the following forms:

1. Application Form
2. DRC - Sign Permit Checklist
3. Encroachment Permit Application, if necessary

Upon receipt of the **completed forms, site plan, and filing fees**, the Community Development Department will determine the completeness of the application. This review will be completed as soon as possible, but within thirty (30) days of the submittal of the application. Once the application is determined to be complete, the City will schedule the project for the next Development Review Committee meeting.

If sufficient information **has not** been submitted to adequately process your application, you will receive notice that your application is incomplete, along with a list of the additional items required. Once the City receives the additional information or revised application, the thirty (30) day review period will begin again.

Approximately five (5) days prior to the Development Review Committee meeting, the Community Development Department will provide you with a staff report which will include an analysis of the project along with comments from other agencies or departments.

Since the information contained in your application is used to evaluate the project and in the preparation of the staff report, it is important that you provide complete and accurate data. Please review and respond to each question. If a response is not applicable, N/A should be used in the space provided. Failure to provide adequate information could delay the processing of your application.

Signage installed without proper City approval, will be subject to significant monetary penalties.

I have reviewed this application and the attached material. The information provided is accurate. I understand the City may not approve the signage I am applying for, or may set conditions of approval.

**CITY OF GRASS VALLEY
COMMUNITY DEVELOPMENT DEPARTMENT
SIGN PERMIT - DRC CHECKLIST**

TO APPLICANTS: The following list includes the requirements necessary for review by City Staff. Some specific types of information may not apply to your project. If you are unsure, ask Planning Division Staff. Planning Staff will use a copy of this list to check your application for completeness after submittal. If your application is incomplete, a copy of the list will be returned to you marked according to the legend. The Planning Staff encourages submission of one set of plans to allow for application completeness check. This allows revisions to be made for submission of 8 sets of plans.

I. SITE PLAN An 8 1/2" x 11" Site Plan for the property on which the sign(s) will be placed including:

- _____ Location of existing and proposed signage on site.
- _____ Square footage; each sign type and square footage sum total for all signs.
- _____ For multiple signs; provide each a number starting with #1.
- _____ For suspended or projecting signs; note distance between sidewalk and bottom of sign.
- _____ For wall signs; include illustration with dimensions and total square footage of building walls where signage will be placed.
- _____ For monument signs; show sight distance from driveways and intersection corners.

II. SIGN PLAN an 8 1/2" x 11" color drawing of each proposed sign including:

- _____ Number each sign corresponding to the number shown on the site plan.
- _____ Message including; typeface, font, and design details.
- _____ Dimensions in feet and total square footage of proposed signage.
- _____ Overall height of all monument and freestanding signs.
- _____ Total square footage of existing signage to remain on-site.
- _____ Lineal footage of building frontage.
- _____ Square footage of building façade.
- _____ A scaled drawing of proposed signage including dimensions, colors, and materials; accurately depicting sign design and location on the building. Free standing signs shall include a site plan showing the proposed location of the sign; include any proposed lighting for the sign.

III. MOUNTING DETAILS must include the following:

- _____ Description of materials used in the construction of the sign.
- _____ Material thickness and approximate weight of suspended or projecting signs.
- _____ Means of exterior or interior lighting including shielding, type, and size of lamps (if applicable).
- _____ For suspended signs, provide details of anti-sway devices.

NOTE: An incomplete application may delay review of your application.
