
PUBLIC MEETING NOTICE

US EPA Community-Wide Assessment

Tuesday, March 21, 2023, 5:30 to 6:30 PM
Grass Valley City Council Chambers
125 East Main Street, Grass Valley

The City of Grass Valley has obtained federal funding to investigate mine-scarred properties and other underutilized properties for the presence of contaminants to help clean up and revitalize these properties.

The City will host a free informational meeting on Tuesday, March 21, 2023, 5:30 to 6:30 PM at the City Hall Council Chambers at 125 East Main Street in downtown Grass Valley. The community is encouraged to attend in order to learn about the grant, ask questions, and offer input on the properties that will be selected for assessment.

US EPA grants like this one are good for our community. They provide funding to assess properties and plan for cleanup (if needed) for redevelopment. They support smart development planning, reduce exposure risks, and provide redevelopment opportunities that boost the local economy and create jobs.

You are invited to learn about the US EPA grant at the March 21 informational meeting. If you have questions about the public meeting, contact the City of Grass Valley at (530) 274-4350.
