AutoPay Terms & Conditions

When enrolled in AutoPay, your bank account will be debited each month automatically. The total amount due will be applied to your Global Water FATHOM account on the due date. If the transaction is returned by your financial institution for any reason, return check charges may apply. After two late payments or insufficient funds, you will automatically be un-enrolled from AutoPay.

At any time, you can view your bill online and if you need to edit or cancel the pending payment you can do so by contacting our customer service team. Your billing statements will be made available to you electronically and will not be sent in paper format via US Mail.

It is your responsibility to ensure that Global Water FATHOM has your current email address in order to communicate with you about your account. The email account on record for your account is your Global Water FATHOM username. If you need to change your email on record you may log in to this website and change it on the "Your Account" page under change username. If email is returned to Global Water FATHOM as "undeliverable", this in no way releases the Global Water FATHOM account holder of record of responsibility for payment.

You may request that the AutoPay service be discontinued at any time by calling our customer service team. If there are pending payments at the time the account is un-enrolled, you will not be able to cancel the payment.

Your personal information will not be sold or distributed without your consent. Please reference the Privacy Policy for more information.
